BONDED FREIGHT CAUSES TROUBLE

Detroit, July 23. — First steps toward joining the striking conductors, baggagemen, brakemen and switchmen have been taken by Grand Trunk engineers and firemen, and a committee of three has been appointed to go to Montreal next week and confer with that company regarding an increase in wages to the eastern standard, which is what the other men are asking A strike of the engineers and firemen would of course mean a far more serious tieup for the road.

The Windsor, Ont., strikers have notified the government of what they claim is faulty train operation at Windsor, but as yet nothing has been done.

United States customs officers are meeting today at Port Huron to discuss the question of what is to be done with the bonded freight shipped into Canada and now lying at different points along the Grand Trunk road in Ontario and the United States. It is said that the government may require, under the treaty, the Canadian government to compel the Grand Trunk to take care of the freight.

Countess De Ovies Arrives in Pitt burg With Documents to Substan tiate Her Claim to Rich Holdings i Spain Where Her Husband Be longed to Royal Family.

Countess Julian de Ovies, who was before he marriage Miss Blanche McDonald of Coshocton, ha arrived in Pittsburg to arrange for the filing of th will of her late husband and obtaining affidavits an other documents to be sent to Madrid, Spain at the time the heart of her late husband is, forwarded t that city as proof of her claim to the Spanish estates in that country. Countess de Ovies is very wel known in Coshocton having come of a prominent family here. She and her husband have frequently visited in Coshocton.

A dispatch today from Pittsburg says:

Accompanying a beautiful casket inlaid with pearl, containing the heart of her husband, the Count Julian de Ovies, former Chilean consul to Pittsburg, his widow will soon journey to Madrid, Spain, to deposit the heart with her sovereign as proof of her claim to the Spanish estates of her dead husband.

This gruesome ritual is in accordance with the law of Spain, which provides that the heart of any member of the royal family dying abroad shall be preserved and after identification by government officials of the country wherein death occurred and by the physicians attending and by the Spanish consul of the country, that it shall be forwarded to Madrid, Spain, as a proof of the death of the subject.

Heart Taken From Body.

This was done in the case of Count de Ovies The heart was removed from the body following the sudden death of the count at the residence of his son in Birmingham, Ala., from heart failure

It was identified according to the Spanish sovereign's requirements and also was identified by officials of the United States government sent on from Washington. The heart was packed in the casket together with the necessary papers, and will be dispatched to the country which gave the man birth, when his wife goes there to claim the entailed estates.

At Madrid the casket will be opened with impressive ceremonies in the presence of court dignitaries, the wife and her attorneys, and a formal demand for the estates will be made to the crown

Claim Title is at Fault.

The estates consist of thousands of acres of valuable land on which are twenty-four parishes and as many churches. Because the mother of Count Julian married again and the son born of that union is not of the royal branch his pretense to the estate and the title is said to be in fault, although this son claims the estate on the ground that he did not leave Spain to take up a residence in another country.

Count de Ovies died about four months ago at the residence of his son, an Episcopal clergyman in Birmingham, Ala, where Madame de Ovies has been making her home since that time. She stated that it will take over a month to have the necessary documents perfected, after which they will be sent to Madrid, where her legal representatives will take the steps necessary to protect th claims that she will prefer both on behalf of herself and of her family.

ELECTRIC GENERATOR IS BEING INSTALLED

A big electric generator is being installed at the upper plant of the American Art Works Saturday, which will be used to run the motors in the shop, and will mean ultimately the doing away with the old line shaft and installing electric motors for each and every machine in the shop. The other smaller genator which has been doing the work at the shop is being moved to the lower plant on Fifth-st. and it will not be long until the motor system will be nstalled there also.

The upper plant closed down Friday night and a force of men started at work at once on the work of installing the new 75 K W., dynamo The force worked nearly all night and all day Saturday They expect to work Saturday night and Sunday night. Whether the work will be completed then in order that the shop may be started as usual Monday morning, is doubtful

For the past few months every new machine that has been installed in the factory has been provided with a motor and it has been such a pronounced success that the new step has been decided The new generator for the present will be used only to furnish power to the motors already installed but which have been overtaxing the old genrator.

"It will be some time" said Supt. Temple Saturday morning, "before the line shaft will be done away with entirely, but that is what we intend to do It will be much more cheaper to run the dynamo and its motors than the old line shaft It will take less power and will also be cleaner and safer"

Sugar Creek Man Vanishes Suddenly

Man Wanted Here For Non-Support Sells His Property and Dodges Officers — Was Wanted For Failing to Provide For Daughter by Former Marriage.

John Rowe, of Sugar Creek, is alleged to have vamoosed very suddenly and skipped his bond as the result of a non-support case filed against him in Squire Staats' court for the support of his 12-year-old child by a former marriage, Almeda Rowe, of the New Bedford vicinity. He had agreed to pay $200 and it was arranged to have the case finally disposed of last Tuesday. Meanwhile, it is said, Mr. Rowe and his present wife sold their property in Sugar Creek and hiked for parts unknown.

Rowe abandoned his first wife a number of years ago, it is said, and remained in the south until after she got a divorce.

YOUNG LADY WILL CALL AT EVERY HOME TO TELL ABOUT CHAUTAUQUA

A personal visit in behalf of the Chautauqua is to be be made on every household in the city by a young woman who will know what she is talking about.

She will call at every home and tell briefly the treasures that are in store at this season's Chautauqua Her mission will not be to get money or to sell tickets, but to arouse a personal interest in the session in every home in the city.

This was decided upon by the advertising committee of the Chautauqua at a meeting held late Friday afternoon in Secy Merrell's office A live newspaper campaign will be kept up from now on, supplemented by the personal visits and by the usual folder. Bids will be asked on the folder from local job offices. About 7500 will be ordered

The matter of cheap transportation to the grounds was also taken up and an effort will be made to have the hack lines of the city agree to a five cent rate to the fair grounds, providing depots are established at two or three places on Main-st and that the hacks will not be asked either to call at houses or to return people home, but merely to the depot; say one station at the court house square, another at the Panhandle crossing, another at Seventh-st. It is believed that the hack lines at a five cent rate under these conditions would take in double the amount of money they usually do. It was held that ten cents a person each way makes it very expensive for a man to take his family out and causes many to hesitate on season tickets From now on Chautauqua will be pushed hard Three weeks from yesterday Senator Dolliver opens the session.

COMRADE WAS WITH HIM AS THE END CAME

Peculiar incidents surrounding the death of the late John Swigert on South Seventh-st are causing a flurry of interest among the friends of relatives of the family.

During his entire sickness it was Mr Swigert's wish that his lifelong friend and comrade of the Civil war, B. R Shaw, should be present when he died Tuesday morning just before Mr. Swigert breathed his last Mr Shaw walked in gratifying Mr. Swigert's last wish.

Before Mr. Swigert became helpless and was able to walk around he would go to the fire station and talk with the firemen for hours at a time and he became very well acquainted with the men there. On the afternoon Mr. Swigert was buried a fire alarm was turned in for the first time in weeks, and the bell on the tower tolled as if in reverence and the fire wagon with its bells clanging flew past the house during the midst of the funeral service

People believing in spiritualism say that these things were not common everyday incidents but that both were messages from the dead who have passed on before.

They were given a little time to think the matter over The mayor indicated to them that there was a strong probability of their going back to the workhouse

Later in the day Morrow and Potter both changed their plea to guilty. Mayor Cassingham fined each of them $5 and costs and sentenced them to 15 days in the workhouse, suspending the workhouse sentence on the condition that they pay their fines and costs and get honest employment.

THE GOVERNSHIP.

The Republicans of the state of Ohio will gather [at] the state capital next week for the very important [ta]sk of selecting a Republican nominee for governor. [N]ot for years has there been such chaotic conditions [ov]er the result. A half dozen good men are in the run[ni]ng and none seems to have any very great advantage [ov]er the other. It is an open field—the kind the rank [an]d file of the Republican party of the state have [b]een yearning for, for years. No slate is in sight. At[te]mpts to create such have been abortive. It is to be [a] straight from the shoulder contest and the best man [w]ill win. The one thing the rank and file asks is that [a] good, clean, honest and fearless leader be named, one [w]ho will command the respect as well as the admira[ti]on of the people of the state. Ohio is Republican [an]d believes neither in fanaticism when it comes to "progressives" or "stand-patters." Ohio Republicans [h]ave always lead the procession in advanced legisla[ti]on for the common people, and always will. Let the [co]nvention give us the able man for leader and the [co]mmon people will do the rest.

TOO CLEAN A SWEEPER.

Many complaints have been filed at The Age of[fic]e by housewives over the city, objecting most stren[uo]usly to the use of the street sweeper on the paved [str]eets. Like the prophets of old, the passing of the [str]eet sweeper is accompanied by a pillar of cloud; [bu]t the trouble with this modern cloud is that it is com[po]sed of the dust of the street, laden more or less with [all] ~~kinds of~~ germs. It appears to be not so much the [ge]rms however as the dust settling softly in on the [cle]an parlor carpet, the recently scrubbed porches and [ev]erything else. If the sweeper is to be used on the [pa]ved streets why not have the streets thoroughly [sp]rinkled just before it is to come along? That would [sa]ve both raiment and tempers.

"NET EARNINGS SHOW INCREASE"

Whenever you hear that expression in connection with the affairs of a business concern, you at once conclude it to be in a prosperous condition.

The term "net earnings," whether applied to the business of the largest corporation, partnership, or just your own affairs, means the actual amount remaining as profits after expenses of every nature have been paid.

In order that you can know what you are actually earning each month—that is, what you have left after paying your bills—you should have a check account with this bank. Every check is a complete record and enables you to keep an accurate check on your money affairs.

At the end of the month, when your book is balanced by us, you have a balance sheet that shows, to a cent, the amount of your net earnings.

Any afflicted person with Catarrh or kindred troubles who will write to me (including postage) I will write them a detailed statement of my condition when I began using Avenatone and tell what Avenatone has done for me and then they can come to their own conclusion whether it will help them or not If you wish you can state this proposition through the newspapers.

CLAMOR FOR MAN'S LIFE

Mob Fills Town After Arrest in Assault Case.

Kosciusco, Miss, July 23—An angry crowd is filling the town of Louisville, in Winston county, threatening to lynch Swinton Fermenter, a young white man, who was placed in jail there, charged with criminally assaulting and murdering Miss Jennie Sharpe, the beautiful young daughter of William Sharpe, a planter. He was arrested on circumstantial evidence, and two more young men living in that community are under suspicion

CLARA MURPHY RELEASED FROM DELAWARE HOME

Clara Murphy was released Saturday from the Girls' Industrial school at Delaware through habeas corpus proceedings instituted by Prosecutor McDowell on the ground that the members of the board of county visitors were not present at the time she was sent to the institution. Edna Stewart, colored, who was sent over at the same time Clara Murphy was, was released some time ago under similar proceedings.

It is said that a very large percent of the inmates of the Delaware home could be released under the same conditions as a great many of them were sent there without the presence of the board of county visitors, the juvenile court statutes not making any provision for the calling in of the board of visitors. Supt. Webb, of the Delaware home, has taken the matter up with the attorney general. The habeas corpus proceedings are brought under the old statute which was in effect before the establishment of the juvenile court.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Cheerfulness and a bright disposition during the months before baby comes, are among the greatest blessings a mother can bestow upon the little life about to begin. Her happiness and physical comfort will largely govern the proper development of the health and nature of the child. Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons of the body, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of nausea. The regular use of Mother's Friend greatly lessens the pain and danger when baby comes, and assures a quick and natural recovery for the mother. Mother's Friend is sold at drug stores. START FIGHT ON BATHTUB TRUST

Government Begins Suit in Federal Court at Baltimore.

[Associated Dailies Telegram]

Washington, July 23.—In the circuit court at Baltimore a suit under the Sherman anti-trust law was filed by the department of justice against the so-called "bathtub trust." The combine is made up of 16 manufacturers of sanitary enameled ware whose annual output is estimated at $100,000,000. The defendant concerns are scattered over nine states and control, so the department of justice alleges, 85 per cent of the total output of sanitary enameled ware in this country.

The suit differs from other suits that have been instituted under the Sherman act in that the defendants have attempted, so the department charges, to conceal their unlawful purposes under the guise of a licensing arrangement under a patent. The concerns involved assigned a patent to a person selected by them and then took licenses to manufacture and sell under that patent, and by these license agreements fixed prices and all the terms of the combination. The department charges that they have attempted to use the patent laws as a screen while violating the Sherman anti-trust law.

Affects Nearly Every Home.

The most important products of the companies are bathtubs, washbowls, lavatories, drinking fountains, sinks and such things. The department says that the combination affects every home in the United States equipped with modern plumbing apparatus.

The government asks for an injunction restraining the defendants from continuing the combination. The suit in equity is also directed against the officers of the company. Here are the 16 companies involved:

The Barnes Manufacturing company, Mansfield, O.; the Cahill Iron works, Chattanooga, Tenn.; the Colwell Lead company, New York; the Day-Ward company, Warren, O.; the Humphreys Manufacturing company, Mansfield, O.; the Kerner Manufacturing company, Pittsburg; the J. L. Mott Iron works, New York; the Crump-Powell company, New York; MacVay & Walker, Braddock, Pa.; the National Sanitary Manufacturing company, Salem, O.; the Standard Sanitary Manufacturing company, Pittsburg; the United Sanitary Manufacturing company, Noblesville, Ind.; the United States Sanitary Manufacturing company, Pittsburg; the Wolf Manufacturing company, Chicago. A. Weiskittle & Son company, Baltimore, and the Wheeling Enameled Iron company of Wheeling, W. Va.

HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse —Impossible to Do Housework —Cured by Cuticura Soap and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony; if I tried to cook, the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that others may know of Cuticura. Mrs. Minnie Drew, 23 Danforth St., Jamaica Plain, Mass., April 20, 1910."

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin-tortured and disfigured sufferers from eczemas, rashes, itchings, irritations and chafings, from infancy to age, bringing comfort and peace to distracted households when all else failed.

Cuticura Remedies are sold throughout the civilized world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed free, 32-page Cuticura Book, "How to Care for and Treat the Skin and Scalp."

NEGROES IN RAWN AFFAIR

One Is Former Coachman in Dead Man's Family—Threatened His Life.

[Associated Dailies Telegram]

Chicago, July 23.—Two negroes were run down and taken to the city hall for a severe grilling in connection with the killing of Ira C. Rawn, late president of the Monon railway, who was laid to rest in Rose Hill cemetery. One of the negroes is Ernest Hoffman, 24, who worked in Rawn's stable from May, 1906, to December, 1909, and was discharged. H. P. Cullen, a prominent commission merchant, identifies this negro as one he overheard swearing that he would get that ——, fellow Rawn. The negro is a graduate of a South Carolina college and Armour institute, and failed to make payment on a ring he had purchased, and after his dismissal Rawn is said to have told the collectors where he could be found. For this the negro is said to have sworn he would kill Rawn.

There are many facts in the mysterious case to support this theory. Witnesses have been found who saw two negroes lurking in the vicinity of the Rawn home, and neighbors heard two men discussing some crime in the Rawn shrubbery on the night of the tragedy. The negroes came out from Chicago on the last suburban train. Residents of Winnetka who saw them were so impressed by their evil appearance that they sought to inform the authorities, but for some reason this was not done.

Coroner's Opinion.

Coroner Hoffman attaches much importance to the clew he has received, but on the other hand, members of the Rawn household scout the idea that he was slain for revenge and insist that he had no enemies. The coroner says his information is to the effect that the killing was done by a discharged employe, but Mr. Rawn's son-in-law can not recall that Mr. Rawn ever had a negro servant.

Developments of the day were:

Illinois Central authorities who claimed they had positive proof that Mr. Rawn was the head, front and brains of the conspiracy that robbed that company of $1,500,000 refused to discuss the case.

"Second bullet" found in an open grate and tending to prove that two shots were fired may not be a bullet. Opinion divided among those who have inspected it.

President Harahan and Illinois Central attorneys conducting the graft cases hold conference today, announcement that the taking of testimony before the master in chancery will continue regardless of Rawn's death.

Mrs. Rawn, propped up in the bed she has not left since the death of her husband, told a graphic story of the tragedy enacted in the darkness on the stairway, within a few feet of her chamber door. The story did not differ materially from the one she told the morning of the tragedy.

FIND ANOTHER MAN WHO ADJUSTED ROPE

Alleged Newark Rioter Arrested at Bellefontaine.

[Associated Dailies Telegram]

Bellefontaine, O., July 23.—Joseph Bush, alleged ringleader of the mob that hanged Carl M. Etherington at Newark, and the man who is said to have secured a rope and placed it around the victim's throat, is in jail here, having been brought here from Harper, where he was captured in a police raid on the house of his brother-in-law, Charles Huston. Since the night of the Newark hanging Bush has been with his brother-in-law.

Detective Tom Foster of Columbus, Chief of Police Edward L. Falder of Bellefontaine and Patrolman Burke went to Harper and surrounded the Huston house. Chief Falder smashed in the front door and ran into the bedroom where Bush was sleeping, flashing a light in the face of the suspected man as he was climbing out of bed. The authorities claim they have absolute proof that Bush urged the mob to hang Etherington and personally secured a rope and looped it about Etherington's throat.

TYPICAL SIENE AT CHAUTAUQUA.

CHAUTAUQVA HAS BECOME A STRONG INSTITUTION

The Chautauqua movement in Coshocton was instituted and promoted by Rev. Alexander R. Tarr and the first assembly in Coshocton was held under his management in the year 1905. In August, 1905, he Coshocton Chautauqua Co. was incorporated by A. R. Tarr, Chas P. Cowe, George M. Gray, A P. Stewart and M. Q Baker. In addition to the incorporators A E Jones T L Montgomery, E C Mathews, H R McCurdy, F. R. Martin, W. S. Hutchinson and Geo S. Caton took stock and thus constituted, The Coshocton Chautauqua Co under the management of Mr Tarr, held another assembly in the year 1906.

In the year 1907, Mr. Tarr and Mr Crowe severed their connection with the company and fifty-three other business men of Coshocton took stock in the company and paid in ten dollars each to put the company on a good financial basis. On that year and ever since The Coshocton Chautauqua Co. has held an assembly in Coshocton and have given every dollar earned in producing the best program possible for their patrons. No dividends have been paid and practically only nominal salaries have been paid its officers. Every stockholder and officer has given his best efforts that the people of Coshocton might hear at home the best talent its country produces. The same talent that you hear at Chautauqua, N. Y., and Winona, Ind., you can hear right at home. The first assembly was held at the grand stand of the fair grounds and the second under a tent and since that time all the entertainments have been given in the new auditorium at the fair grounds. The beautiful grove at the grounds has been dotted with tents each year and this year there will be more than ever. No on could choose a more pleasant outing than to live in a tent for ten days in the gan ground grove, surrounded with modern conveniences in the woods and at the same time have an opportunity of hearing the best lecturers and entertainers in the world.

The officers this year are:
George M. Gray, president
T. L. Montgomery, vice president
W. S. Merrell, secretary
R. H. Mills, treasurer

The board of directors this year include the above named officers and also F. E. Pomerene, Dr. H. R. McCurdy, T. J. Hanley, W. S. Hootman, C. D. Brooke, F. R. Martan, A. P. Stewart, E. M. Wimmer, R. C. Snyder, W. M. Smith and C. F. Barnes.

And in addition to the officers and directors the list of stockholders include:

M. Q. Baker, C. E. Bryant, E. C. Matthews, W. S. Hutchinson, Geo S. Caton, Jos. L. Rue, B. C. Senter, M. A. McConnell, C. M. Bible, J. P. Forbes, S. H. Nicholas, J. A. Hesket, T. J. Shannon, Everett M. Preston, C. B. McCoy, F. C. W. Trott, Chas. Herman, Robt. Dunmermuth, H. S. Platt, C. H. Magruder, D. D. Boyd, G. F. Schaueker, Seth M. Snyder, J. S. Elliott, O. P. McGinnis, L. E. Baughman, E. O. Selby, P. C. Shipps, C. K. Clemens, R. M. Temple, L. P. Gallagher, J. T. McBane, M. D. Custer, A. S. Rippeth, W. A. Smith, George W. Preston, V. G. Ralston, E. C. Carr, D. O. Thompson, M. S. Troutiger, Chas W. Loos, T. H. Wheeler, F. M. Marshall, T. S. Hunrickhouse.

All the above named persons are boosters of the Chautauqua and any enterprise that can get such men behind it, is certainly worthy of the consideration of every man, woman and child in Coshocton.

This year the Chautauqua Assembly will be grander and better than ever before. The sessions will open on Friday afternoon, Aug. 12 and continue for ten days. Meals or board can be had on the grounds. The grounds committee has platted the grounds for tent locations and a registration or ground rent of fifty cents will be charged for each tent location and the choice of location is determined by the order of registration—first register, first choice. So get busy and get best choic. Go to the secretary and register at once and if you want to rent a tent let the secretary know so he can make arrangements for a tent to suit you. The company would prefer to have you arrange for your own tent, but if you cannot get one to suit you, the company will furnish you one at what it costs them.

The company has employed Miss Mary June Woods to entertain the children between the ages of five and sixteen and she will organize the American Athletic club of Coshocton, and will give the children ten days of solid fun and at the same time will develope them physically and mentally. There will be plenty of games, drills, marches and athletic exercises, all adopted to the child of the proper age. It has been said that ex-President Roosevelt's strength and activity of mind is due to his athletic habits of life. Why not start your child right? A strong body; a strong mind; a happy life.

The Coshocton County Teachers' Institute will convene at the fair grounds Aug. 11 1910, and will be in session for five days during which time patrons of the Chautauqua will have an opportunity of attending its sessions. A special concession has been made by the Chautauqua to the teachers who register at the institute—a ticket for the entire session of the Chautauqua Assembly will be sold to each teacher who registers at the price of one dollar. Any teacher desiring to purchase a ticket for the Chautauqua Assembly may obtain one for one dollar by calling upon the secretary, Mr. Merrell, and registering. These tickets are non-transferable and can be obtained only from the secretary. If there are any class of people or any profession that would be benefited by a Chautauqua more than another, a teacher certainly should be. Here is the great opportunity to get new and up-to-date ideas and intellectual food sufficient to last throughout the coming school year. Every teacher in the country should attend every session of Chautauqua. You can. Will you? Four teachers can live cheaply in one tent. See your friends, get a tent and come. It will be jolly fun.

The program for this Chautauqua Assembly has been pronounced by those who know to be the best so far offered to a Coshocton audience. It has all variety of talent of the highest merit. Every session you miss is an individual loss to you.

On April 2, 1910, Mrs. R. M. Worden, 5 St. James-ave., Holyoke, Mass. wrote: "Parisian Sage is the best hair dressing I ever used. It gave my hair life and a gloss which no other dressing ever did, besides stopping it from falling out. It is the only dressing for up-to-date women."

March 24, 1910, Mrs. J. C. Ketcham, 4 Chester place, Bangor, Me., wrote: "My husband, J. G. Ketcham, was troubled with dandruff which caused his hair to fall out, and your Parisian Sage has freed the scalp from dandruff and given a natural gloss to the hair. No money could persuadge him to be without it."

ZOAR MAN IS INVENTING AIRSHIP

Believing his first attempt to discover the secrets of aerial navigation a partial failure, Uncle Joe Davenport, the aged inventor of Zoar, is now perfecting plans for a new air craft, which he confidently expects to be successful. For a number of months he has been devoting his entire time to reading works on aeronautics and in a few weeks he intends sketching plans for his new machine which is to be built along the lines of a bplane.

And besides this, the famous old hermit now says he will celebrate his 100th birthday. With the first warm days of spring his health improved rapidly and he is now inviting particular friends to attend the celebration, which with his customary foresight, he is already planning.

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and $1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

FIGHT GUN DUEL IN COLUMBUS STREET

Policemen Kills Negro Who Nipped Him in the Leg.

[Associated Dailies Telegram]

Columbus, O. July 23—Ed Brown, colored, whose home is in Portsmouth, while intoxicated took several shots at the bartender in Clark's saloon in East Long street. He started to run when the bartender got his gun into action and at the door encountered Police Officer C. C. Speakman He fired at the officer, hitting him in the leg. Speakman returned the fire, shooting Brown through the head, causing instant death.

The shooting occurred in the heart of the colored district and but for the prompt arrival of several patrol wagons loaded with patrolmen from the central station Speakman would have been roughly handled. His wound is not of a serious nature.

MEN STAY BEHIND

Fight Forest Fires After Women Are Taken to Safety.

Merrill, Wis., July 23. — All night long refugees from the burned town of Heinemann and the threatened villages of Gleason and Bloomville poured into the city. Descriptions of the suffering of many persons and families are unlike anything experienced in this section before.

Homes here are being thrown open to the unfortunate inhabitants of the fireswept vicinity 12 miles to the north. Many men are sending their families out of danger and will stay in the threatened villages to give what aid they can.

The saving of the lives of the people at Heinemann was due to the energetic action of H. P. Heinemann, who took a St. Paul train without waiting for permission and ran the train back and forth until everybody was out of the village and all the lives were saved.

SPORT DOPE

Gene Demontreville, once a member of the Pirate crew and now playing manager of the New Orleans Pelicans, is wanted badly to manage the Mobile team.

"Speck" Harkness, the young giant who is pitching for Cleveland, is something of an "iron man!" He worked in 79 games for Portland, Ore., last year, starting 59 of them.

Fielder Jones, the old White Sox leader, has severed his connection with the Chehalis, Wash., semi-professional team He did not think he was doing the team any good and quit without a release

Chief Meyers says that Marquand is not a lemon, but is only a kid that does not take baseball seriously "He has the finest assortment of curves that I ever looked at," says the Indian

It is tipped from Cleveland that Elmer Flick may retire to his Bedford farm since he is through in the majors Kansas City may have trouble in inducing him to join that club

It is hinted that Cantillon has asked waivers on Jesse Tannehill. Tannehill's arm isn't strong enough to pitch often and there isn't a place for him on the Minneapolis staff. If waivers go through he will likely retire rather than go lower.

Pitcher Edward Zmich, considered the best pitcher of the Ohio State league, was sold by the Marion management for immediate delivery to the St Louis Nationals The price was close to $4.000

Catcher "Tubby" Spencer is now the property of the St. Paul club Boston Americans had an option which held until July 4. It was not exercised.

Fred Walker, the University of Chicago pitcher signed by the Giants enters the National league under a terrible handicap. "Bugs" Raymond says he will make good.

Pitcher O'Toole, of the Sioux City (Western league) team, who was with the Cincinnati Reds last year and who started out this season with the St Paul (American association) team, struck out 18 Lincoln batters recently. Still he lost, 7 to 6.

The signing of Outfielder Swain from the far Northwest, means probably the passing of Jack Lelivelt, whose only value to the Washington club has been his hitting. Lelivelt's fielding has improved but little since last summer. His poor work on numerous occasions figured prominently in losing games and his throwing has always been way below par for a major leaguer.

ORIOLES PLAYING AT LAFAYETTE

The Orioles and West Lafayette teams are working hard for victory on the Lafayette field this afternoon. Shryock and Lawrence are the Lafayette batteries and Sondles and Hershman are the batteries for Coshocton.

They Were There

Concerning the Atlantic City conventon of the glassblowers the Commoner and Glassworker says among other things:

Billy Hoagland, Jos Canning and Hugh Lythgoe looked after the interests of Branch No 133, Indianapolis, Ind., in a manner that will meet with the approval of their constituents, as did A. J. Kiefer, W. H. Townsend and M. Dwyer, of Coshocton, O.

Mrs. F L Osborn and daughter Frances and son Donald of Granville arrived Saturday to visit Mr. and Mrs. W. W Bechtol of this city.

START FIGHT ON BATHTUB TRUST

Government Begins Suit in Federal Court at Baltimore.

[Associated Dailies Telegram]

Washington, July 23.—In the circuit court at Baltimore a suit under the Sherman anti-trust law was filed by the department of justice against the so-called "bathtub trust." The combine is made up of 16 manufacturers of sanitary enameled ware whose annual output is estimated at $100,000,000. The defendant concerns are scattered over nine states and control, so the department of justice alleges, 85 per cent of the total output of sanitary enameled ware in this country.

The suit differs from other suits that have been instituted under the Sherman act in that the defendants have attempted, so the department charges, to conceal their unlawful purposes under the guise of a licensing arrangement under a patent. The concerns involved assigned a patent to a person selected by them and then took licenses to manufacture and sell under that patent, and by those license agreements fixed prices and all the terms of the combination. The department charges that they have attempted to use the patent laws as a screen while violating the Sherman anti-trust law.

Affects Nearly Every Home.

The most important products of the companies are bathtubs, washbowls, lavatories, drinking fountains, sinks and such things. The department says that the combination affects every home in the United States equipped with modern plumbing apparatus.

The government asks for an injunction restraining the defendants from continuing the combination. The suit in equity is also directed against the officers of the company. Here are the 16 companies involved:

The Barnes Manufacturing company, Mansfield, O.; the Cahill Iron works, Chattanooga, Tenn.; the Colwell Lead company, New York; the Day-Ward company, Warren, O.; the Humphreys Manufacturing company, Mansfield, O.; the Kerner Manufacturing company, Pittsburg; the J. L. Mott Iron works, New York; the Crump-Powell company, New York; MacVay & Walker, Braddock, Pa.; the National Sanitary Manufacturing company, Salem, O.; the Standard Sanitary Manufacturing company, Pittsburg; the United Sanitary Manufacturing company, Noblesville, Ind.; the United States Sanitary Manufacturing company, Pittsburg; the Wolf Manufacturing company, Chicago; A. Welskittle & Son company, Baltimore, and the Wheeling Enameled Iron company of Wheeling, W. Va.

HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse —Impossible to Do Housework —Cured by Cuticura Soap and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony; if I tried to cook, the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering, I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that others may know of Cuticura. Mrs. Minnie Drew, 23 Danforth St., Jamaica Plain, Mass., April 20, 1910."

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin-tortured and disfigured sufferers from eczemas, rashes, itchings, irritations and chafings, from infancy to age, bringing comfort and peace to distracted households when all else failed.

Cuticura Remedies are sold throughout the civilized world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed free, 32-page Cuticura Book, "How to Care for and Treat the Skin and Scalp."

GREAT NEGROES IN RAWN AFFAIR

One Is Former Coachman in Dead Man's Family—Threatened His Life.

[Associated Dailies Telegram]

Chicago, July 23.—Two negroes were run down and taken to the city hall for a severe grilling in connection with the killing of Ira C. Rawn, late president of the Monon railway, who was laid to rest in Rose Hill cemetery. One of the negroes is Ernest Hoffman, 24, who worked in Rawn's stable from May, 1906, to December, 1909, and was discharged. H. P. Cullen, a prominent commission merchant, identifies this negro as one he overheard swearing that he would get that —— fellow Rawn. The negro is a graduate of a South Carolina college and Armour Institute, and failed to make payment on a ring he had purchased, and after his dismissal Rawn is said to have told the collectors where he could be found. For this the negro is said to have sworn he would kill Rawn.

There are many facts in the mysterious case to support this theory. Witnesses have been found who saw two negroes lurking in the vicinity of the Rawn home, and neighbors heard two men discussing some crime in the Rawn shrubbery on the night of the tragedy. The negroes came out from Chicago on the last suburban train. Residents of Winnetka who saw them were so impressed by their evil appearance that they sought to inform the authorities, but for some reason this was not done.

Coroner's Opinion.

Coroner Hoffman attaches much importance to the clew he has received, but on the other hand, members of the Rawn household scout the idea that he was slain for revenge and insist that he had no enemies. The coroner says his information is to the effect that the killing was done by a discharged employe, but Mr. Rawn's son-in-law can not recall that Mr. Rawn ever had a negro servant.

Developments of the day were:

Illinois Central authorities who claimed they had positive proof that Mr. Rawn was the head, front and brains of the conspiracy that robbed that company of $1,500,000 refused to discuss the case.

"Second bullet" found in an open grate and tending to prove that two shots were fired may not be a bullet. Opinion divided among those who have inspected it.

President Harahan and Illinois Central attorneys conducting the graft cases held conference today, announcement that the taking of testimony before the master in chancery will continue regardless of Rawn's death.

Mrs. Rawn, propped up in the bed she has not left since the death of her husband, told a graphic story of the tragedy enacted in the darkness on the stairway, within a few feet of her chamber door. The story did not differ materially from the one she told the morning of the tragedy.

FIND ANOTHER MAN WHO ADJUSTED ROPE

Alleged Newark Rioter Arrested at Bellefontaine.

[Associated Dailies Telegram]

Bellefontaine, O., July 23.—Joseph Bush, alleged ringleader of the mob that hanged Carl M. Etherington at Newark, and the man who is said to have secured a rope and placed it around the victim's throat, is in jail here, having been brought here from Harper, where he was captured in a police raid on the house of his brother-in-law, Charles Huston. Since the night of the Newark hanging Bush has bene with his brother-in-law.

Detective Tom Foster of Columbus, Chief of Police Edward L. Falder of Bellefontaine and Patrolman Burke went to Harper and surrounded the Huston house. Chief Falder smashed in the front door and ran into the bedroom where Bush was sleeping, flashing a light in the face of the suspected man as he was climbing out of bed. The authorities claim they have absolute proof that Bush urged the mob to hang Etherington, and personally secured a rope and looped it about Etherington's throat.

TYPICAL SIENE AT CHAUTAUQUA.

CHAUTAUQVA HAS BECOME A STRONG INSTITUTION

The Chautauqua movement in Coshocton was instituted and promoted by Rev. Alexander R. Tarr and the first assembly in Coshocton was held under his management in the year 1905. In August, 1905, he Coshocton Chautauqua Co. was incorporated by A. R. Tarr, Chas. P. Cowe, George M. Gray, A. P. Stewart and M. Q. Baker. In addition to the incorporators A. E. Jones, T. L. Montgomery, E. C. Mathews, H. R. McCurdy, F. R. Martin, W. S. Hutchinson and Geo. S. Caton took stock and thus constituted, The Coshocton Chautauqua Co. under the management of Mr. Tarr, held another assembly in the year 1906.

In the year 1907, Mr. Tarr and Mr. Crowe severed their connection with the company and fifty-three other business men of Coshocton took stock in the company and paid in ten dollars each to put the company on a good financial basis. On that year and ever since The Coshocton Chautauqua Co. has held an assembly in Coshocton and have given every dollar earned in producing the best program possible for their patrons. No dividends have been paid and practically only nominal salaries have been paid its officers. Every stockholder and officer has given his best efforts atht the people of Coshocton might hear at home the best talent its country produces. The same talent that you hear at Chautauqua, N. Y., and Winona, Ind., you can hear right at home. The first assembly was held at the grand stand of the fair grounds and the second under a tent and since that time all the entertainments have been given in the new auditorium at the fair grounds. The beautiful grove at the grounds has been dotted with tents each year and this year there will be more than ever. No on could choose a more pleasant outing than to live in a tent for ten days in the gan ground grove, surrounded with modern conveniences in the woods and at the same time have an opportunity of hearing the best lecturers and entertainers in the world.

The officers this year are:
George M. Gray, president
T. L. Montgomery, vice president
W. S. Merrell, secretary
R. H. Mills, treasurer

The board of directors this year include the above named officers and also F. E. Pomerene, Dr. H. R. McCurdy, T. J. Hanley, W. S. Hootman, C. D. Brooke, F. R. Martain, A. P. Stewart, E. M. Wimmer, R. C. Snyder, W. M. Smith and C. F. Barnes.

And in addition to the officers and directors the list of stockholders include:

M. Q. Baker, C. E. Bryant, E. C. Matthews, W. S. Hutchinson, Geo. S. Caton, Jos. L. Rue, B. C. Senter,

M. A. McConnell, C. M. Bible, J. P. Forbes, S. H. Nicholas, J. A. Hesket, T. J. Shannon, Everett M. Preston,

C. B. McCoy, F. C. W. Trott, Chas. Heiman, Robt. Dunmermuth, H. S. Platt, C. H. Magruder, D. D. Boyd, G. F. Schaueker,

Seth M. Snyder, J. S. Elliott, O. P. McGinnis, L. E. Baughman, E. O. Selby, P. C. Shipps, C. K. Clemens,

R. M. Temple, L. P. Gallagher, J. T. McBane, M. D. Custer, A. S. Ripperth, W. A. Smith, George W. Preston,

U. G. Ralston, E. C. Carr, D. O. Thompson, M. S. Troutiger, Chas. W. Loos, T. H. Wheeler, F. M. Marshall, T. S. Humrickhouse.

All the above named persons are boosters of the Chautauqua and any enterprise, that can get such men behind it, is certainly worthy of the consideration of every man, woman and child in Coshocton.

This year the Chautauqua Assembly will be grander and better than ever before. The sessions will open on Friday afternoon, Aug. 12 and continue for ten days. Meals or board can be had on the grounds. The grounds committee has platted the grounds for tent locations and a registration or ground rent of fifty cents will be charged for each tent location and the choice of location is determined by the order of registration—first register, first choice. So get busy and get best choic. Go to the secretary and register at once and if you want to rent a tent let the secretary know so he can make arrangements for a tent to suit you. The company would prefer to have you arrange for your own tent, but if you cannot get one to suit you, the company will furnish you one at what it costs them.

The company has employed Miss Mary June Woods to entertain the children between the ages of five and sixteen and she will organize the American Athletic club of Coshocton, and will give the children ten days of solid fun and at the same time will develope them physically and mentally. There will be plenty of games, drills, marches and athletic exercises, all adopted to the child of the proper age. It has been said that ex-President Roosevelt's strength and activity of mind is due to his athletic habits of life. Why not start your child right? A strong body; a strong mind, a happy life.

The Coshocton County Teachers' Institute will convene at the fair grounds Aug. 14 1910, and will be in session for five days during which time patrons of the Chautauqua will have an opportunity of attending its sessions. A special concession has been made by the Chautauqua to the teachers who register at the institute a ticket for the entire session of the Chautauqua Assembly will be sold to each teacher who registers at the price of one dollar. Any teacher desiring to purchase a ticket for the Chautauqua Assembly may obtain one for one dollar by calling upon the secretary, Mr. Merrell, and registering. These tickets are non-transferable and can be obtained only from the secretary. If there are any class of people or any profession that would be benefited by a Chautauqua more than another, a teacher certainly should be. Here is the great opportunity to get new and up-to-date ideas and intellectual food sufficient to last throughout the coming school year. Every teacher in the country should attend every session of Chautauqua. You can. Will you? Four teachers can live cheaply in one tent. See your friends, get a tent and come. It will be jolly fun.

The program for this Chautauqua Assembly has been pronounced by those who know to be the best so far offered to a Coshocton audience. It has all variety of talent of the highest merit. Every session you miss is an individual loss to you.

ZOAR MAN IS INVENTING AIRSHIP

Believing his first attempt to discover the secrets of aerial navigation a partial failure, Uncle Joe Davenport, the aged inventor of Zoar, is now perfecting plans for a new air craft, which he confidently expects to be successful. For a number of months he has been devoting his entire time to reading works on aeronautics and in a few weeks he intends sketching plans for his new machine, which is to be built along the lines of a biplane.

And besides this, the famous old hermit now says he will celebrate his 100th birthday. With the first warm days of spring his health improved rapidly and he is now inviting particular friends to attend the celebration, which with his customary foresight he is already planning.

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and $1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

TREASURY IS OVERFLOWING

Minnesota Will Not Levy State Tax For Year 1911.

Minneapolis, July 23.—There won't be any state taxes in Minnesota in 1911. The state government expenses will be met by the huge surplus in the treasury. No state taxes is an unheard-of thing. The condition is supposed to be without precedent in the United States, as it is in Minnesota.

On Oct. 1 there will be a surplus of $4,000,000 in the state treasury. It is expected that Oct. 1, 1911, will show a surplus of $1,700,000 after all the governmental expenses for the year have been paid.

Pug Davis will go back to Newark Sunday for a tryout with the Newark Ohio State league team. Davis will try for a position in the box. He has had good experience and his friends are satisfied that he will make good with the leaguers.

SCORE THREE IN A BUNCH

Cleveland Wins and Ties In Philadelphia Double-Header.

Philadelphia, July 23. — The Athletics had a crimp put in them by the Cleveland team, which won the first game of a double-header by the score of 7 to 6 and the second one ended in a 15-inning tie, each side scoring one run. In the first game Cleveland scored in blocks of three, while Cy Morgan did the pitching in rather an uncertain way.

Ellsworth, Me., July 23.—President Taft and his vacation party arrived here early this morning on a special train from the Mt. Desert ferry terminus on the mainland. Mrs. Taft and the women of the party were at once driven to the home of Senator Eugene Hale, while the president and the men went on to Bangor, where Mr. Taft delivered a speech shortly after the noon hour. FIGHT GUN DUEL IN COLUMBUS STREET

Policemen Kills Negro Who Nipped Him in the Leg.

[Associated Dailies Telegram]

Columbus, O., July 23—Ed Brown, colored, whose home is in Portsmouth, while intoxicated took several shots at the bartender in Clark's saloon in East Long street. He started to run when the bartender got his gun into action and at the door encountered Police Officer C. C. Speakman. He fired at the officer, hitting him in the leg. Speakman returned the fire, shooting Brown through the head, causing instant death.

The shooting occurred in the heart of the colored district and but for the prompt arrival of several patrol wagons loaded with patrolmen from the central station Speakman would have been roughly handled. His wound is not of a serious nature.

Henry McIntosh and Henry Welch, of Cleveland, are guests of Robert Q. Baker today.

MEN STAY BEHIND

Fight Forest Fires After Women Are Taken to Safety.

Merrill, Wis., July 23. — All night long refugees from the burned town of Heinemann and the threatened villages of Gleason and Bloomville poured into the city. Descriptions of the suffering of many persons and families are unlike anything experienced in this section before.

Homes here are being thrown open to the unfortunate inhabitants of the fireswept vicinity 12 miles to the north. Many men are sending their families out of danger and will stay in the threatened villages to give what aid they can.

The saving of the lives of the people at Heinemann was due to the energetic action of H. P. Heinemann, who took a St. Paul train without waiting for permission and ran the train back and forth until everybody was out of the village and all the lives were saved.

SPORT DOPE

Gene Demontreville, once a member of the Pirate crew and now playing manager of the New Orleans Pelicans, is wanted badly to manage the Mobile team.

"Speck" Harkness, the young giant who is pitching for Cleveland, is something of an "iron man." He worked in 79 games for Portland, Ore., last year, starting 59 of them.

Fielder Jones, the old White Sox leader, has severed his connection with the Chehalis, Wash., semi-professional team. He did not think he was doing the team any good and quit without a release.

Chief Meyers says that Marquand is not a lemon, but is only a kid that does not take baseball seriously. "He has the finest assortment of curves that I ever looked at," says the Indian.

It is tipped from Cleveland that Elmer Flick may retire to his Bedford farm since he is through in the majors. Kansas City may have trouble in inducing him to join that club.

It is hinted that Cantillon has asked waivers on Jesse Tannehill. Tannehill's arm isn't strong enough to pitch often and there isn't a place for him on the Minneapolis staff. If waivers go through he will likely retire rather than go lower.

Pitcher Edward Zmich, considered the best pitcher of the Ohio State league, was sold by the Marion management for immediate delivery to the St. Louis Nationals. The price was close to $4,000.

Catcher "Tubby" Spencer is now the property of the St. Paul club. Boston Americans had an option which held until July 4. It was not exercised.

Fred Walker, the University of Chicago pitcher signed by the Giants enters the National league under a terrible handicap. "Bugs" Raymond says he will make good.

Pitcher O'Toole, of the Sioux City (Western league) team, who was with the Cincinnati Reds last year and who started out this season with the St. Paul (American association) team, struck out 18 Lincoln batters recently. Still he lost, 7 to 6.

The signing of Outfielder Swain from the far Northwest, means probably the passing of Jack Lelivelt, whose only value to the Washington club has been his hitting. Lelivelt's fielding has improved but little since last summer. His poor work on numerous occasions figured prominently in losing games and his throwing has always been way below par for a major leaguer.

ORIOLES PLAYING AT LAFAYETTE

The Orioles and West Lafayette teams are working hard for victory on the Lafayette field this afternoon. Shryock and Lawrence are the Lafayette batteries and Sondles and Hershman are the batteries for Coshocton.

They Were There

Concerning the Atlantic City conventon of the glassblowers the Commoner and Glassworker says among other things:

Billy Hoagland, Jos. Canning and Hugh Lythgoe looked after the interests of Branch No. 133, Indianapolis, Ind., in a manner that will meet with the approval of their constituents, as did A. J. Kiefer, W. H. Townsend and M. Dwyer, of Coshocton, O.

Mrs. F. L. Osborn and daughter Frances and son Donald of Granville arrived Saturday to visit Mr. and Mrs. W. W. Bechtol of this city.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Shall we Rejoice

Gladness comes with a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elixir of Senna.

Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. To get its beneficial effects always buy the genuine manufactured by the California Fig Syrup Co.

YOUNG PEOPLE'S ANNUAL JULY 31 AT THE CITADEL

Capt. W. Fordyce, of the Salvation Army, announces that the Young People's "Annual" this year will be held on Sunday evening, July 31 at the army citadel on North Third-st. at 8 o'clock. Between forty and fifty young people and children are to take part, making it a very beautiful service. Everybody is invited to be present.

Ran Away With Binder.

A team of horses hitched to a binder and driven by W. A. Clark ran away near New Guilford Friday. A fence brought the horses to a stop. The driver and horses were scarcely scratched but the machine was badly damaged.

FREE TO YOU—MY SISTER

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, **free** of any charge, **my home treatment** with full instructions to any sufferer from women's ailments. I want to tell **all** women about this cure—**you**, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men **cannot** understand women's sufferings. What we women know **from experience**, we know better than any doctor. It will not interfere with your work or occupation. **Just send me your name and address**, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you **free of cost**, my book—"**WOMAN'S OWN MEDICAL ADVISER**" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Thousands of women have cured themselves with my home remedy. It cures **all, old or young.** To **Mothers of Daughters**, I will explain a simple home treatment, which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always result from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this **Home Treatment** really **cures** all women's diseases and makes women well, strong, plump and robust. **Just send me your address**, and the free ten days' treatment is yours, also the **book.** Write today, as you may not see this offer again.
